Let's Build  
a More Caring  
World™

### Who We Are and What We Do

At Stephen Ministries, we're all about building a more caring world. We're a nonprofit Christian educational organization that has been equipping people for half a century to care and relate with excellence.

- We're best known for Stephen Ministry, a system used in over 14,000 churches from over 190 faith traditions to train church members to care for people going through life crises.
- We also produce books, courses, videos, and other resources on topics like interpersonal communication, grief, empathy, caring for those who are hurting, assertive relating, and leadership.

Our training and resources are used by individuals, churches, schools, businesses, hospitals, and other organizations around the globe.

Each day we provide consultation, training, and support to people who are committed to expanding care in their churches, communities, and beyond.
