To Whom it May Concern,

We are a relatively small, but well established conservative, evangelical church in northwest Florida. Our Pastor has recently retired and we are in the process of seeking a new man to be our Pastor. This position would entail all of the normal duties of the sole Pastor of a church: Preaching and Teaching, Evangelism, Visitation, Administration, etc.

We are writing to put that need before you, and respectfully request that you post this need in your placement department, employment bulletin board, or however you post ministry employment opportunities.

Any interested parties are asked to please submit their resume' and Doctrinal Statement of Faith to:
